

KITO ONLUS

## Reception of migrants in Padova

The Italian Red Cross Padova's Committee welcomed displaced people by guesting 22 of them in its own headquarter located in via della Croce Rossa 130, Padova, Italy.

Kito Onlus decided to support IRC's efforts and supply migrants with the distribution of some "Hygiene kits".

On July 3<sup>rd</sup>, 4 boxes containing bath soap for personal use, laundry soap and toothbrushes have been delivery to the Italian Red Cross.

Kito Onlus wants to reinforce cooperation links with the other organisations working in the country and put in place in Italy the hygiene and prevention measures and procedures it is used to diffusing on the field in case of emergency, namely in the Philippines.
