

Today we want to tell you a little bit of our history, based on valuable people and collaboration.

In 2012, teacher Mariella Vecchiato from the Graphic Design School C. Rosselli (Castelfranco Veneto, Padua) gave a lecture about design in educational and humanitarian field to her students.

Hence, she decided to involve students in an educating challenge: the creation of Kito Onlus' Logo!

Students created 25 logos that have been exposed online on Facebook for a contest. The young Miriam De Zen is the winner of the contest and the author of the official logo of Kito Onlus.

Since then, Kito Onlus' graphic is designed in collaboration with Mariella Vecchiato, who is making her time and professionalism available, working free and enthusiastically.

We want to thanks people who supported and believed in Kito Onlus since its very beginning, as Mariella did and she is currently doing!
